

VEX V5 Override: Session 2 - Game Station

Activity: Dive into the VEX V5 Override competition, gameplay, and scoring.

1. [Watch this video about VEX V5 Override.](#)
2. Answer at least three of these questions in your engineering notebook to help you think more about the competition:
 - What do I know about this competition?
 - What are the rules of the competition?
 - What questions do I have about the rules or the game setup?
 - Is there just one possible strategy for the competition or multiple strategies?
 - What don't I know about this competition?
 - What do I need to consider about my robot design or coding strategy in relation to the rules of the competition?
 - How can I find the answers to questions I have about the competition?
 - What are some initial steps I can take towards developing a strategy for the competition?
 - Who can help me with a challenge if I get stuck? How can they help?

Pro Tips:

- Record answers to your questions in your own words. This will help you to build your understanding of the rules and the game.
 - Use images or sketches to help illustrate your answers.
- Use the [VEX V5 Override Game Manual](#) to help answer questions.
 - Note where in the game manual you found the answer to a question.

Feeling Stuck?

- *Still not sure where to find an answer? Talk to your team members or Coach to see if they can help.*

Discussion Questions

- What part of the game are you most excited about? Why?
- What part of the game do you think other teams will focus on? Why?
- What questions about the game do I still have?

Activity Checklist

- ☐ Each team member watched the game video.
- ☐ Each team member answered at least 3 questions.
- ☐ All questions were documented in the engineering notebook.
