COMPETITION COMPATIBLE

VEX CODE

Code with **Blocks**, **Python**, and **C++** in VEXcode V5

Laptop not included

VEX PD+

VEX PD+ is a professional learning community for the ongoing professional development you need, when you need it. **Connect with VEX Experts** and educators around the world!

$999 per year

SKU: 210-8353

VEX V5 Competition Kits

Starter Kit Includes:

- **(1)** Robot Brain & Controller
- **(4)** Smart Motors (11W)
- **(2)** Bumper Switches
- **(350+)** Motion Parts
- **(1000+)** Structural Parts

$1,284.99

SKU: 276-7030

Super Kit Includes:

- **(1)** Robot Brain & Controller
- **(8)** Smart Motors (11W)
- **(2)** Bumper Switches
- **(900+)** Motion Parts
- **(2000+)** Structural Parts

$2,149.99

SKU: 276-7040

Inspire Young Learners

Easy for any coach or mentor to get started!

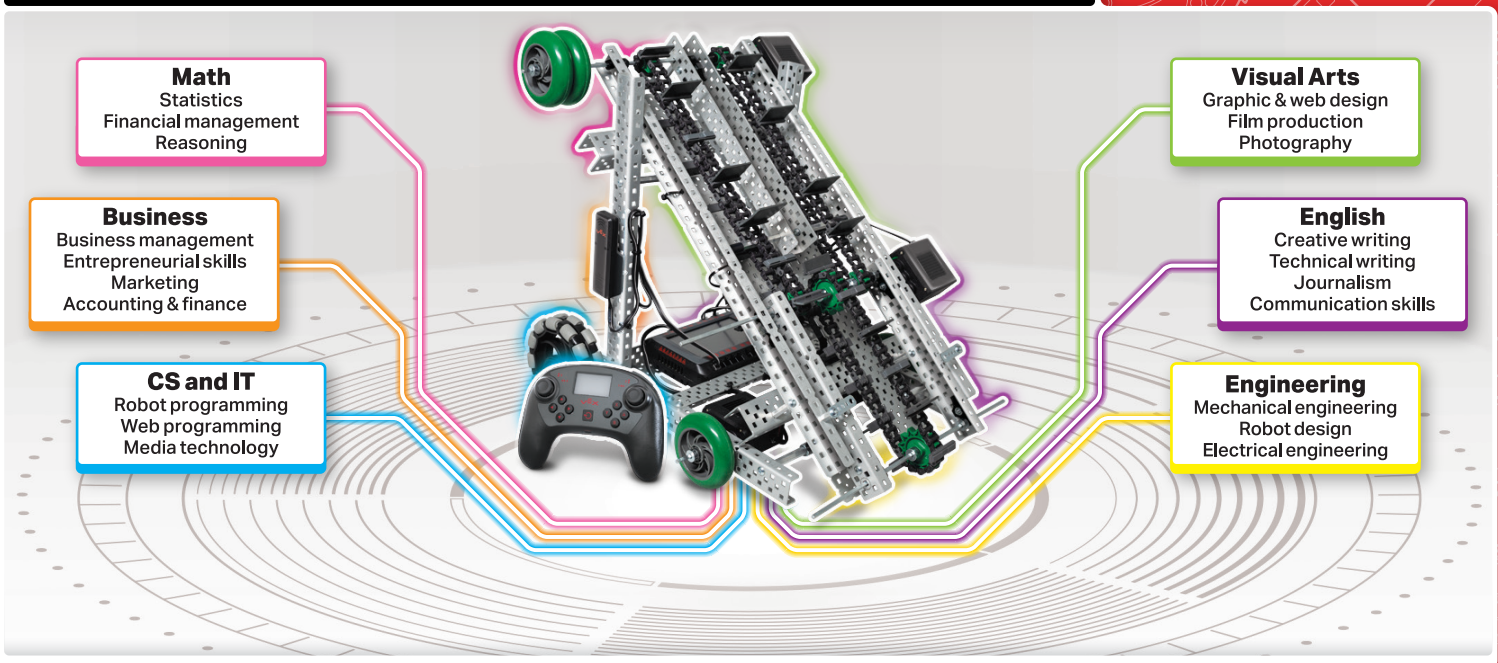

Introduce robotics as a team-oriented, multi-disciplinary activity at your school. Mentor students as they take on team roles that will help them develop in varied fields like engineering, maths, computer science, information technology, business, English, and visual arts.

Students are natural scientists and engineers. VEX competitions foster these skills and capitalize on the motivational effects of a competitive robotics experience to help all students create an identity as a STEM learner.

Every year we create a game and then students create a robot to play it. On the playing field, classroom STEM concepts are put to the test as students from around the globe compete to be the best. We are invested in inspiring students to become the leaders and innovators of tomorrow as they learn to win, not just in competition, but in life.

Competitive Robotics is a Multifaceted Growth Opportunity

Resources for Getting Started

Entry points to VEX Competition are available at **coaches.vex.com**, **students.vex.com**, and **parents.vex.com**.

Welcome to the World of Competitive Robotics
