## Curriculum and More

### Organized and manageable for any STEM teacher!

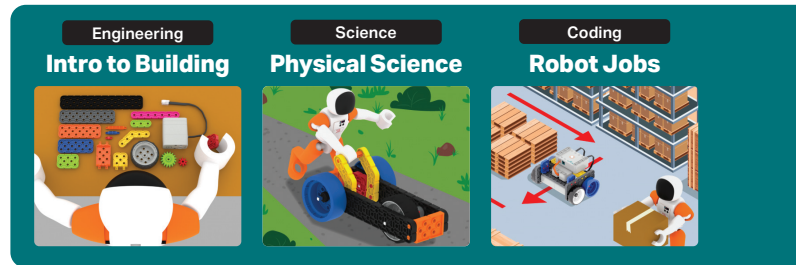

Every piece has a purpose, every part has a place – color coding, storage, and organization makes it easier than ever for students and teachers to keep track of their Kits. Classroom Bundle bags make storage or traveling simple.

**ISTE • NGSS • CSTA • TEKS**  
**Common Core Math • Common Core ELA**

All curricular resources are aligned to educational standards. From STEM Lab Units, your online teacher's manual, to Activities designed for independent student use – we offer the support you need to teach with confidence.

### Free Curriculum Included and Pacing Guides

Lessons cover a range of subject areas, making cross-curricular STEM and coding connections easy and fun! Bring your STEM or Makerspace to life or integrate into core subjects like Math or Reading - our curriculum takes the guesswork out of implementation.

## Unlimited Possibilities

**Coding**

**Physical Science**

**Engineering**

**Math**

**Art**

**Life Science**

**Classroom Competition**

**60+ builds available!**

## Free Educational Resources

**teachGO.vex.com** offers a hub of resources to get started with, and return to over time as you continue on your STEM teaching journey.

The free, online, self-paced **Educator Certification** will guide you through the basics of building, coding, and teaching with VEX GO.

**library.vex.com** is an online encyclopedia of all things VEX, where you can search and find articles to answer questions, help troubleshoot, or learn more about using VEX GO with your students.

**camps.vex.com** gives you everything you need to dive into informal education opportunities with VEX GO.

## Free Teacher Certifications, Lesson Plans, and Software

Instant answers to almost any question at **educators.vex.com** and **library.vex.com**
