Pom Pom Drop

Materials

- Paper Towel Rolls
- Toilet Paper Rolls
- Scissors
- Washi Tape
- Pom Poms
- Poster Board
- Marbles or Bouncy Balls

Instructions

1. Use washi tape to attach the paper towel rolls and toilet paper rolls onto the poster board so that pom poms can roll through them from top to bottom.

2. Once the first concept is on the poster, encourage the students to test their design.

3. After testing, ask the students to continue to test different designs and the type of material used to see how gravity effects each.
