FCC STATEMENT DÉCLARATION DE CONFORMITÉ FCC

Model/Modèle: 406-3349(TX), FCC ID:UKU-HVRTX01
Model/Modèle: 406-3349(RX), FCC ID:UKU-HVRRX01

"This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation," "Cet appareil respecte la section 15 de la réglementation FCC. L'utilisation est soumise aux deux conditions suivantes : (1) Cet appareil ne doit pas causer d'interférences nuisibles, et (2) cet appareil doit accepter toute interférence reçue, y compris celles pouvant entraîner un dysfonctionnement."

FCC Noted

"This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by consulting with the dealer or an experienced radio/TV technician for help.

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE: Changes or modifications not expressively approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment."

Remarque FCC

"Cet équipement a été testé et déclaré conforme aux normes s'appliquant aux appareils numériques de Classe B, conformément à la section 15 de la réglementation FCC. Ces normes sont conçues pour fournir une protection raisonnable contre les interférences nuisibles aux installations domestiques. Cet équipement génère, utilise et peut émettre des ondes radioélectriques et, s'il n'est pas installé et utilisé conformément aux instructions, peut entraîner des interférences nuisibles aux communications radioélectriques. Cependant, l'absence d'interférences dans une installation particulière n'est pas garantie. S'il s'avérait que cet équipement génère des interférences nuisibles aux ondes radio et TV, ce qui peut être vérifié en allumant et en éteignant l'appareil, il est recommandé à 'utilisateur d'essayer de corriger les interférences en consultant le revendeur ou un technicien radio/TV qualifié.

- Réorientez ou déplacez l'antenne de réception.
- Éloignez l'équipement du récepteur.
- Connectez l'équipement à une prise fonctionnant sur un circuit différent de celui sur lequel est connecté le récepteur.
- Consultez votre revendeur ou un technicien radio/TV qualifié.

REMARQUE : N'apportez aucun changement ou modification à l'équipement sauf si cela est explicitement stipulé par le fabricant responsable de la conformité du produit. Si vous effectuez des modifications non autorisés, il pourra vous être demandé d'arrêter d'utiliser l'équipement."
